OFFICE OF LEGISLATIVE COUNSEL

Monday - 6 January 1964

1. (Unclassified - GLC) Talked with Miss Mildred Mason, in the office of Senator Henry M. Jackson, about the case of [redacted] an applicant for a position who had contacted the Senator concerning the status of his application. I advised Miss Mason that while we were unable to offer him the position for which we were originally considering him due to curtailment of some recruitment, we did have a position for which he was qualified and which we wished to discuss with him. I added that we had endeavored to reach [redacted] since 31 December and did not actually contact him until today. [redacted] seemed interested in this position and will be discussing the matter further with our people. Miss Mason had no special interest in this case and was pleased to have this report. No further action is required.

2. (Unclassified - GLC) Met with Mr. Marian A. Czarnecki, House Foreign Affairs Committee staff, to pick up the material mentioned in his conversation on Friday (see Journal of 3 January). Since a cursory review of this material indicated that the Subcommittee would be almost exclusively involved in the mechanics of the development of U.S. policy and U.S. ideological efforts, I told Czarnecki that I personally could foresee some problems in the Agency participating in such hearings even on an executive session basis since the Agency is not involved directly in the development of U.S. policy. Czarnecki gave the impression that the Chairman of the Subcommittee, Mr. Fessell, had pretty strong feelings regarding the Agency's participation, however, after my comment he said that should we have difficulties in such an appearance he would appreciate our taking them up with him as early as possible and at the latest by Wednesday of this week. I told Czarnecki we would look into the matter further and be in touch with him.
